Moved by Bill VE3XJ

Seconded by VE3EFC Bill.

Correspondence:

Committee Reports:

Club station: 80 metre net.

Help is required to put up the vertical antenna.

Request to purchase a '79 Call Book,

DX and American

The secretary to check on ~~was~~ when

the motion for purchase was passed.

See November 10th, 1977 when motion to purchase new Call Books was passed.

An ACu Keyer was donated to the club. It was referred to the club committee

a report on TVI was given by John VE3HTM.

Old Business:

Insurance on equipment:

Dennis to check with EMO on insurance

coverage. Also to check the equipment on hand and find out the cost of such insurance.

A motion by Pat VE3HFS to leave the games problem in abeyance.

Pat VE3HFS also mentioned the copy of printing Hy-Q was paid for by coffee money.

Les VE3AYZ Will check further regarding Computer.

NEW Business:

A new sign was presented to the club by VE3JAA Arnold carved in wood with ~~the~~ the station call letters.

Some blind amateurs need a 2meter antenna. Volunteers were called for.

J.C. Bailey at home needs help with antennas

VE3EUI Denny switching to new rigs needs assistance with phone patch hook-up.

VE3JAA Arnold mentioned the St. John's Ambulance are putting on a drive for new members. The Club will be asked for assistance on communications.

VE3AYZ Les gave a review of the Christmas messages sent and the procedure for sending them.

Three senior citizen's home were involved in this year's sending and receiving Christmas Messages. Two operators each were sent to each of the senior citizen's homes.

VE3EUI Denny coordinated the whole operation and VE3AYZ Les acted as his assistant. Regular ARRL message forms were used and the ARRL message code was

used wherever possible. Over 200 messages were handled. Other members of the LARC Club received some messages and passed them on the proper way to whoever was to receive them.

VE3AYZ Les gave an explanation of the message form. His recommendations for another year were as follows:

More home or base stations needed to pass and relay messages.

More use of the various nets across Canada for the passage of messages.

Two 2 meter stations at each location each one using a different prearranged frequency for the passage of messages to H.F. stations. Leaving of message pad at senior citizen home ahead of the night the messages were to be transmitted to the H.F. stations.

VE3KRL BOB was in charge of the publicizing of the operation.

Bill VE3XJ showed some slides after the coffee break.

Motion to adjourn was received.
